

Mounting Set for UA

Frame fitting bolt, nut and washer for UA profiles

DESCRIPTION

Mushroom bolt with square section M8 with washer and nut for UA profile, providing secure and reliable connection for UA profiles and bracket in premium dry construction systems.

Manufactured from carbon steel with zinc coating guaranteeing durability and corrosion resistance.

It is suitable for interior application in premium system solutions Technogips Pro.

QUALITY

Conformity with
DIN 603 | DIN 934 | DIN 125

TECHNICAL DATA

Surface Treatment	Zinc Coating
Class of Reaction to Fire	A1
Class of Resistance to Corrosion	48 h
Thread Type	Fine
Product Grade	C
Strength Category	3.6

ADVANTAGES

- ✓ Time efficient installation
- ✓ Zinc coated for protection against corrosion in case of shorter periods of exposure to moisture
- ✓ Strong, reliable and durable connection
- ✓ Mushroom head - perfect space saving solution during installation and exploitation
- ✓ Two convenient sizes for wider range of applications
- ✓ Square neck section that fits in the slot of the bracket for fast and easy installation without additional securing of the head

DIMENSIONS AND PACKAGING

PRODUCT	ART. NUMBER	DIAMETER [mm]	LENGTH [mm]	PCS PER BOX
Bolt for UA M8 x 20	TG003030	M 8	20	100
Bolt for UA M8 x 30	TG003031	M 8	30	100

- ✓ Each box contains 100 sets: Bolt, Nut and Washer
- ✓ Packed in distinctive green boxes Technogips Pro.
- ✓ Store in dry and well-ventilated space.

Mounting Set for UA

Frame fitting bolt, nut and washer for UA profiles

APPLICATION

The mounting set has a wide variety of applications in premium systems for drywall construction Technogips Pro:

- ✓ Partition Walls
- ✓ Shaft Walls
- ✓ Free Spanning Ceilings
- ✓ Exterior Systems Technogips Pro APEX®
- ✓ Others

With its distinctive mushroom head and square neck section, the bolt provides a strong, durable and reliable connection, with minimum space requirements during installation and pleasing aesthetics during exploitation.

Due to its exceptional mechanical strength and resilience, the bolt is preferred go-to solution in many fields of application, including the following drywall construction cases:

- ✓ Frame fitting for window and door openings in drywall partitions with UA profiles and brackets
- ✓ Doubling UA profiles for furring channels and reinforcing load-bearing connections in systems for free spanning ceilings Technogips Pro CS1 UA
- ✓ Anchoring of metal studs to the main load-bearing structure in Exterior Systems Technogips Pro APEX®

SAFETY RECOMMENDATIONS

- ✓ Product not classified as hazardous.
- ✓ The use of personal protective equipment is strongly advisable when working with this product, in prevention from physical harm.

Technogips Pro manufactures and develops a wide range of construction products for various applications divided into the following product categories::

- ✓ Drywall System Solutions
- ✓ Lightweight Facade Systems
- ✓ Systems for fire protection and sound insulation;
- ✓ Gypsum-based plasters and finishes

Technogips Pro also provides technical information and support including CAD details, detailed technical statements, specification clauses, application manuals and technical support both for contractors and consultants' offices as well as construction sites visits.

For further information on our products and systems kindly check our website or contact your local Technogips Pro representative.
